

Martlets Cattery

Price Rises 1st September 2020

It is with regret that I am obliged to apply the following price rises to all cattery bookings commencing from 1st September 2020. We have not changed our boarding fees for two and a half years and running costs have risen substantially during that time. In addition the pandemic has caused the most catastrophic drop in business since we have been trading, thus necessitating increases in fees to make the business sustainable.
